Sir:

Please enter the following amendments to the specification, claims and abstract prior to the examination of the application.

IN THE CLAIMS:

Please amend claims 1-17 as follows:

1. (AMENDED) An imaging system for motor vehicles, comprising
- a projector,
- a holographic ray uniter, which guides narrow band light to a viewer to produce a virtual image at the viewing location,
- a holographic screen, which is produced by means of holographic shooting of a real screen and which scatters incident narrow band light of one or more wavelengths at a predetermined solid angle,
